Co-op invests \$1 million in youth scholarships

If you have a graduating senior in 2025, they could be next!

Every year, Golden West awards 40+ \$1,000 scholarships to one qualifying student in each of the Golden West area high schools. One additional at-large scholarship is given to a student whose parents receive Golden West services but who is either home-schooled or attends high school outside our service area. Total scholarship contributions have surpassed \$1.1 million over the last 27 years.

To apply, students should contact their local high school. At-large applications and additional information are available online at goldenwest.com/scholarships.
