

## One free call protects it all!

**Don't dig yourself into a hole.** Digging before calling 811 or submitting a request online can cause problems. Damaging utility lines can lead to fines and repairs or worse – you could harm yourself or others. For everything from planting a new shrub to building your dream house, you must use the free and easy South Dakota One Call system to get your utility lines marked.

Click or call before you dig.
