

Pay by phone, anywhere, anytime.

Because life doesn't wait for business hours.

Golden West's automated payment system lets you use either interactive voice recognition or touch-tone dialing, to make secure payments by phone, anytime.

Just a simple system that talks you through your payment in minutes. It requires entering the primary account holder's Social Security number, and you must have a payment method stored on your account.

No app. No login. No fees.

Try the
Winter Upgrade
FREE!

Add more speed, built-in security protection, and
Wi-Fi app controls that help manage content filtering
and time limits across every device in your home.

**The best internet is
the kind you never
have to think about.**

Homework on the laptop. Streaming in the living room. Smart home devices running around the clock. Phones and tablets always within reach. When everything connects at once, your internet has to keep up.

When the house fills up, so does the internet.

When everyone is connected at the same time, your internet should feel effortless. No buffering. No interruptions. No more threats. No more screen time bad habits.

This winter upgrade helps your home stay ready with more speed for busy moments, built-in protection against online threats, and simple Wi-Fi controls that make it easier to update passwords, manage content, and set time limits across every connected device.

► TRY IT FREE FOR 4 MONTHS!

Ready to stream. Always-on protection. Peace of mind.

Get a speed increase, VIPRE Advanced Security, and Ultimate Wi-Fi protection FREE for 4 months with no obligation!

Learn more or get started at
goldenwest.com/winteroffer
or call 1-855-888-7777, option 3.

Residential customers may request this offer through March 20, 2026, to increase their speed one level and get VIPRE Advanced Security and Ultimate Wi-Fi. The four-month free trial starts upon signup with a monthly bill credit offsetting the cost. Increasing speed one level is \$20.00/month, VIPRE Advanced Security is \$4.25/month, and Ultimate Wi-Fi is \$5.00/month, for a total value of up to \$117.00. Customers may take one offer or all three. If you decide not to keep the upgrade, cancel before the trial ends to avoid a bill increase. Only one speed increase or Ultimate Wi-Fi offer can be applied to an account in any 12-month period. Internet speeds and Ultimate Wi-Fi availability vary based on network infrastructure and are not available in all areas. VIPRE is included at no charge when internet is bundled with either phone or cable TV.

- ✓ **SPEED INCREASE.** When more devices are online at once, extra speed helps everything run smoothly, from homework and video calls to streaming and gaming.
- ✓ **VIPRE ADVANCED SECURITY.** As new devices connect, new risks follow. Install VIPRE on up to three computers for protection from viruses, malware, and other online threats both at home and on the go.
- ✓ **ULTIMATE WI-FI PROTECTIONS.** Phones, tablets, and laptops are always connected. The Ultimate Wi-Fi app makes it easier to monitor devices, filter content, and set healthy time limits, all from one place.
