

► October is National Co-op Month!

This month is a time to celebrate
YOU as a member-owner.

GIVEAWAY!
Information on back.

You are more than a customer at Golden West.

You are a member-owner in the cooperative.

You help elect a board of directors who guide the outcomes of important projects. When your co-op performs well financially, portions of your previous payments are allocated and eventually returned to you as capital credits.

National Co-op Month is a time to celebrate the vital role co-ops play locally. Cooperatives provide jobs, promote local spending, advocate for members, and invest in the communities they serve through donations, grants, and scholarships.
